

Confirmation of aviation training requirements

To be completed by the approved entity aviation security manager

Dear Sir / Madam

NCASP and EU regulation 2015/1998 and its amending bodies require that no one may provide access to aviation security training content unless there is written evidence that a background check has been successfully completed. We require you, or your employer, to complete the below written confirmation that the required checks have been completed/ validated and there is an operational need for aviation security training.

Can you please complete the below required information by printing out the letter, completing and emailing it back to info@aviationcourses.ie. Alternatively, if you are a company/ sub-contractor or individual working on behalf of an approved entity, you will be required to forward this form onto them for completion and then return it via email to info@aviationcourses.ie

Classroom / Online training cannot commence until we have verified the below details.
